Local Author Publishes Third in Series

Choices Made: Missouri or Misery
by Christine McMahon

Hilbert, WI (December, 2011) In her third novel, *Choices Made: Missouri or Misery*, Christine McMahon takes her readers along on Jamy's journey to Paris in pursuit of his dream of becoming an artist.

The difficult task of taking on a series in her first writing efforts has paid off, as her readers have been waiting for this new installation. Christine says of this effort, "After two books, Jamy just wasn't finished with his story. His personal struggles, as he works to achieve his goals of being an artist and providing a good life for his son, JamyNick, are often mired down by his past, but by focusing on his goal with the help of a new friend, Henri Freneau, he moves ever forward."

What Midwest Book Review said of Book 1, *Choices Made: The Street Years*, is the debut novel of Christine McMahon, and clearly establishes her as a gifted storyteller, able to take her reader into a gritty world of drug addiction, poverty, and life on the street."

Printed by Publishers Express Press, *Choices Made: Missouri or Misery* is available on the book's web site, www.ChoicesMade.com, and Amazon.com.
